# THE BLUE HILL NURSERIES

JULIUS HEURLIN, Owner

SOUTH BRAINTREE, MASS.

## SPECIMEN

EVERGREENS, TREES, SHRUBS

ROSES, VINES and

HERBACEOUS PERENNIALS

Telegraphic Address: Braintree  
Telephone: Braintree 151

---

---

My Nursery is located on the south-east slope of the Blue Hills, which is, according to report of U. S. Weather Bureau, the windiest section east of the Rocky Mountains. The thermometer frequently drops to 20 and more below zero and just as often jumps to 100 and more above.

**Every tree, shrub or plant offered in this list has been transplanted every two years.**

**I keep no plants in cellar, cold storage or "heeled in" or use any kind of protection whatsoever.**

**I catalog no imported stock.**

It is reasonable to presume that any plants raised and grown here, can be depended upon to give entire satisfaction under circumstances a little more favorable.

South Braintree is ten miles south of Boston, with more than 70 trains a day in either direction, and very adequate freight and express service.

---

---

# CONIFEROUS EVERGREENS

It is not easy for an uninitiated person to select or order this kind of plants from a catalog, because so many factors must be considered. Height itself (which is usually the only guide in the average catalog) is of no importance, if the only standard of value.

It is the frequent transplanting; the judicious trimming and shaping; and the unceasing care that produces the compact, symmetrical and well balanced plant.

A personal selection is always best, but as this is impossible in the majority of cases I have given in addition to height, the diameter as well, which will give some idea of value offered for price asked.

**All Coniferous Evergreens are dug with ball of earth and burlaped without additional cost.**

Five to thirty at ten rate; thirty or more at special rate on inquiry. Varieties marked % can be supplied in larger quantities than listed.

## Abies

## LANGWATER FARMS

BREEDERS OF

## GUERNSEY CATTLE

NORTH EASTON, MASS.

February 1, 1916.

Mr. Julius Heurlin,  
The Blue Hill Nurseries,  
South Braintree, Mass.

Dear Sir:

I take pleasure in answering your inquiry as to Trees and Shrubs received from your Nurseries from time to time.

Out of several hundred of deciduous trees received last Spring, I have lost only a surprisingly small percentage, which shows that your tree stuff is well grown and transplanted regularly. I am also pleased to state I have never received anything but clean stock. We have very good results with your plants which is very satisfactory to me and my employer.

Our soil here is very light and shallow and as our place is very extensive, attending to stuff during the hot weather in summer with water is often out of the question. Therefore, we need plants with exceptionally good roots to withstand our dry season.

Thanking you for your kind inquiry and the prompt attention our orders have received, we are,

Yours very truly,

LANGWATER FARMS,

Wm. Grant, Gardener.

### **FAULKNER FARMS BROOKLINE, MASS.**

TEL. JAMAICA 4 J

WILLIAM N. CRAIG, SUPT.,

January 24, 1916

Mr. Julius Huerlin,  
The Blue Hill Nurseries,  
South Braintree, Mass.

Dear Sir:

Answering your inquiry I am glad to say that all the evergreens and deciduous stock I have had from you during the past 15 years have given entire satisfaction.

I have had many carloads of Kalmias, and they have proved to be of splendid quality. All evergreens, deciduous trees, shrubs and hardy herbaceous plants from your well managed Nurseries have proved thoroughly satisfactory.

One fact worth remembering is that your Nurseries stand at a high level, are quite exposed and stock from such location is more likely to succeed than the same class of material grown under more congenial conditions.

Yours very truly,

William N. Craig.

Supt. to E. D. Brandegee.

*Roseum elegans*, purple

2-2½ 20.00  
 3-3½ 30.00

## COLLECTED NEW ENGLAND MOUNTAIN LAUREL AND INK-BERRY

**RHODODENDRON MAXIMUM**—5 - 6 feet, very heavy and well furnished, in car lots of 150 to 200 at \$3.00 each.

**Ilex glabra INK-BERRY**—1 to 2 feet at \$1.00 each; 2 to 3 feet at \$1.50 each.

**MOUNTAIN LAUREL**—2½ to 3½ feet in car lots of 250 to 300 at \$1.50 each.

A carload can be made up of *Kalmia*, *Rhododendron* and *Ilex*, to suit customer. In less than carload lots the price will be 20% higher. Of all the thousands of this kind of stock I have supplied during the past six years, I have yet to learn of a single plant that failed to thrive.

## QUESET NORTH EASTON, MASS.

Mr. Julius Heurlin  
South Braintree, Mass.

Dear Sir:

In reply to your inquiry regarding shrubs, trees, evergreens etc. supplied to Mr. Winthrop Ames by you for the past thirteen years I am pleased to say that they have given entire satisfaction.

I wish especially to mention the carloads of *Kalmia latifolia* you supplied to us three years ago; they have done remarkably well, growing like weeds and flowering fine, notwithstanding that on account of alterations being made I had to transplant them in the middle of June, but thanks to the fine balls of roots, they did not mind the moving in the least.

The perennials I have had from you from time to time have always been of the finest quality; and well rooted.

It will be a pleasure to me at any time to say a good word for the quality of stock sent out by you.

Very truly yours,

DANIEL WHYTE

Supt. to Winthrop Ames, Esq.

# DECIDUOUS TREES

The height of a tree is no indication of its quality. Height and caliper are surer guides of value. There is no established rule in the trade today as to where this caliper should be taken. Most growers, or in fact all, who state caliper, take the measurement not higher up than 6 inches from the ground. Many, and I may say most trees, have a natural swelling at this point, thereby giving the impression that the tree is larger than really the case.

I caliper all my trees at three feet from the ground. Five to thirty at ten rate ; thirty or more at hundred rate. If less than five are wanted, add 10% to price as per 10 rate.

	Height in Feet	Caliper in Inches	Price Ten	Hundred

EDWARD PARKER, SUPT.

**OLIVER AMES ESTATE**  
NORTH EASTON, MASS.

Mr. Julius Heurlin  
South Braintree, Mass.

Dear Sir :

I want to express my satisfaction with the carloads of Kalmias, Azaleas and Rhododendrons bought from you. Also the trees, shrubs and perennials.

They have always been of the Very Choicest Quality, and their hardiness has been one of the Chief Essentials of success.

I am pleased to say that I am a satisfied customer, and always take pleasure in recommending your stock to any one of my friends who contemplate buying.

Respectfully yours,  
Edward Parker

# DECIDUOUS SHRUBS

Heavy, well-rooted specimens of the following varieties at 50 cents each; \$4.50 per ten and \$40.00 per hundred. Five to thirty at ten rate; thirty and more at hundred rate.

	Height in feet
<b>Amorpha canescens</b> Lead plant	2½-3
<b>Aralia pentaphylla</b>	3-4
<b>Azalea pontica</b> Ghent azalea	1½
\$1.50 each; \$12.50 per ten	
<b>Kaempferi</b> Japanese azalea	1½
\$1.50 each; \$12.50 per ten	
<b>Vaseyi</b> Pink azalea	1½-2
\$1.50 each; \$12.50 per ten	
<b>Baccharis halimifolia</b> Salt shrub	5-6
<b>Berberis Thunbergii</b> Japanese barberry	2-2½
\$2.00 per ten; \$15.00 per hundred	
<b>Vulgaris</b> Common barberry	3
<b>Vulgaris purpurea</b> Purple leaved barberry	3
<b>Wilsoni</b> Wilson's barberry	1½
<b>Calycanthus Floridus</b> Spice-bush	3-4
<b>Clethra alnifolia</b> Sweet pepper bush	2
<b>Crataegus oxyacantha</b> Hawthorn	2½-3
\$1.50 per ten; \$12.00 per hundred	
<b>Cydonia Japonica</b> Japanese quince	1½-2
<b>Cytisus capitatus</b>	2-2½
<b>Hirsutus</b>	3-4
<b>Deutzia crenata fl. pl.</b>	2½-3
<b>Crenata</b> Pride of Rochester	4-5
<b>Lemoinei compacta</b>	2-2½
<b>Diervilla</b> Weigelia	
<b>Candida</b> White	3½-4
<b>Rosea</b> pink	3½-4
<b>Eva Rathke</b> crimson	3½-4
<b>Elaeagnus angustifolia</b> Oleaster	5
<b>Longpipes</b>	4-5
<b>Euonymus alatus</b> Cork-barked	4-5
\$1.00 each; \$8.00 per ten; \$75.00 per hundred	
<b>Alatus</b>	3-4
<b>Obovatus</b> Creeping Euonymus	2½-3
<b>Europaeus</b> Strawberry bush	3
<b>Exochorda grandiflora</b> Pearl-bush	4-5
<b>Forsythia Fortunei</b> Golden bells	5-6
<b>Suspensa</b> Weeping	5-6
<b>Viridissima</b> Green-barked	4-5
<b>Halesia tetraptera</b> Silver bells	3-4
<b>Hydrangea arborescens grfl. alba</b> Hills of snow	2½-3
<b>Paniculata</b> Single flwg.	3
<b>Paniculata grfl.</b> Panicle	3-4
<b>Paniculata grfl.</b> Standard form \$1.50 each	4-5
<b>Nivea</b> Clumps	3
<b>Hypericum aureum</b> St. John's Wort	2½
<b>Patulum</b> Henreyi	2½-3
<b>Itaea Virginica</b>	2-2½
<b>Kerria Japonica</b> Jew's mallow	3

## SHRUBS—Continued

	Height in Feet
<b>Ligustrum vulgaris</b> English privet	3-4
\$1.50 per ten; \$10.00 per hundred	
<b>Ibota</b> Japanese privet	3½-4
Not so heavy, \$2.00 per 10; \$15.00 per hundred	
<b>Ovalifolium</b> California privet	3-4
\$1.50 per ten; \$12.00 per hundred	
<b>Lonicera Alberti</b> Trailing bush honeysuckle	3
<b>Myrica cerifera</b> Wax-myrtle	4
<b>Philadelphus</b> Syringa	
<b>Coronarius</b> Mock-orange	2
<b>Grandiflorus</b>	4-5
<b>Lemoini</b>	3-4
<b>Lemoini erectus</b>	4
<b>Lemoini Mantau de Hermine</b>	3
<b>Potentilla fruticosa</b> Cinquefoil	2½
<b>Rhus aromatica</b> Fragrant sumac	4
<b>Cotinus</b> Smoke-bush	4-5
<b>Typhina laciniata</b> Cut-leaved	5-6
<b>Rhodotypus kerrioides</b> Black-berry shrub	3-4
<b>Rosa alpina</b> Alpine rose	3-4
<b>Blanda</b> Early wild rose	2½-3
<b>Lucida</b> Dwarf wild rose	2½-3
<b>Nitida</b> Shiny-leaved rose	2½-3
<b>Rugosa</b> Russian rose	2½-3
<b>Spiraea arguta multiflora</b>	4-5
<b>Bumalda</b>	3
<b>Opulifolia aurea</b>	5-6
<b>Paniculata</b> grfl.	4-5
<b>Thunbergi</b>	3
<b>Van Houttei</b>	4-5
<b>Symphoricarpus vulgaris</b> Coral-berry	3-4
<b>racemosus</b> Snow-berry	3-4
<b>Syringa vulgaris</b> Lilac	4-5
<b>Vulgaris alba</b> White lilac	4-5
<b>vulgaris hybrida</b>	2-2½
single varieties:	
<b>Charles the tenth</b> reddish purple	
<b>Congo</b> bright red	
<b>Souv. de L. Spaeth,</b> deep purple	
<b>De Marley</b> deep violet	
<b>Marie Légraye</b> pure white	
<b>Philemon</b> dark purple	
<b>Marie Lemoin</b> white.	
Double varieties:	2-2½
<b>Charles Joly</b> dark purple; <b>Leon Simon</b> blue	
<b>Mme. Abel Chatanay</b> white;	
<b>Mathieu Dombasle,</b> carmine,	
<b>Maxime Cornu</b> lilac; <b>President Carnot</b> pale lilac	
<b>President Grevy</b> blue and rose; <b>Mme. Briot,</b> lilac	
<b>Mme. Lemoin</b> white; <b>President Loubet</b> purple	
<b>Mme. Casimir-Perier</b> creamy white;	
<b>Josikaea</b> Hungarian lilac	3-4
<b>Persica</b> Persian lilac	3-3
<b>Persica alba</b> White Persian	4-5
<b>Rothmagensis</b> Chinese lilac	4-5

## SHRUBS—Continued

	Height in Feet
<i>Vaccinium corymbosum</i> High-bush blue-berry	2
<i>Viburnum opulus</i> High-bush cranberry	4-5
<i>Opulus sterilis</i> Snow-ball bush	4-5
<i>Plicatum</i> Japanese snowball	3
<i>Tomentosum</i>	3-4
<i>Xanthorhiza apifolia</i> Yellow root. Heavy clumps	

## VINES

Heavy stock, 4 and 5 years old, at 50 cents each, \$4.50 per ten; \$40.00 per hundred.

*Actinidia arguta*

*Akebia quinata*

*Ampelopsis Engelmani* Woodbine

*Veitchi* Boston ivy

*Aristolochia sipho* Dutchman's pipe

*Celastrus scandens* Bitter sweet

*Clematis paniculata*

*Henreyi*

*Jasminium nudiflorum* Jasmine

*Lonicera Belgica* Monthly honeysuckle

*Halleana* Hall's honeysuckle

*Aurea reticulata* variegated

*Sempervirens* Scarlet

*Periploca Graeca* Silk vine

*Vitis hetherophylla*

*Wistaria Chinensis* Blue wistaria

*Chinensis alba* White wistaria

## HARDY ROSES

Hybrid Perpetual Roses budded on briar, three years old. 50 cents each; \$4.50 per ten; \$40.00 per hundred.

*Captain Hayward* bright carmine

*Clio* Flesh-pink

*Duke of Edinburgh* bright vermillion

*Fisher et Holmes* crimson scarlet

*Frau Carl Drushki* snow white

*General Jacqueminot* crimson

*Mme. Gabriel Luizette* silvery pink

*Mrs. R. G. Sharman-Crawford* deep rose-pink

*Paul Neyron* deep rose

*Ulrich Brunner* cherry-red

## HYBRID TEA ROSES

Budded on briar, three years old.

Prices same as H. P. roses.

*Caroline Testout* silvery salmon-pink

*Etoile de France* brilliant crimson

*Farbenkoenigin* red in various shades

*General McArthur* pure crimson

*Gruss an Teplitz* bright crimson

*Jonkheer J. L. Mock* carmine and pink

*Kaiserin Augusta Victoria* creamy-white

*Killarney* flesh and silvery-pink

## **ROSES—Continued**

Killarney White pure white  
Lady Hillingdon clear yellow  
Laurent Carl soft carmine  
Mme. Jules Grolez light rose and yellow  
Mme. Ravary orange and golden yellow  
Mme. Melaine Soupert salmon and carmine  
Mrs. Aaron Ward yellow changing to pink  
Pharisaer pale rose and salmon  
Prince de Bulgaria silvery-pink shaded salmon  
Sunburst yellow, orange and copper

## **CENTIFOLIA ROSES**

Three years on briar. Prices as above.

Persian Yellow Golden yellow, double  
Harrison Yellow Golden-yellow, semi-double

## **POLYANTHA ROSES**

“Baby Ramblers.” Three years on briar.  
Prices as above.

Ellen Poulsen brilliant dark pink  
Erna Teschendorff brilliant carmine  
Maman Levavasseur, “Baby Dorothy,” rose pink  
Loui Walter, “Baby Tausendschon” shell pink  
Red Riding Hood cherry-red

## **CLIMBING ROSES**

Four and five years. Prices as above.

Dorothy Perkins pink  
Dorothy Perkins white  
Excelsa bright scarlet, three years  
Flower of Fairfield everblooming crimson rambler  
Hiawatha single scarlet with large white centre  
Lady Gay deep pink  
Leuchtstern single pink with large white centre  
Tausendschon shell-pink  
Veilchenblau violet, fading to blue

---

Manchester, Mass.

Received the car load of evergreens and found them O. K. although they were two weeks on the road. We intend to plant as many more next spring.

E. W.

Newbury, N. H.

Your prices are so reasonable in comparison with stock, that I want to get some more things this fall.

C. L. Hay

Newbury, N. H.

All the plants which you sent last fall are alive, although the winter was the coldest ever known in Newbury. Average zero.

C. L. Hay

## HERBACEOUS PERENNIALS

Two years field grown stock.

20 cents each; \$1.50 per ten; \$10.00 per hundred, except as noted.

Five to thirty at ten rate; thirty or more at hundred rate. Height of plants are in feet, and flowering season by numerals, viz.: 4-5 means April to May, etc., which of course is arbitrary, because these things vary according to location, season and other conditions.

	Flowering season	Height in feet
<b>With White Flowers</b>

Suffructricosa Miss Lingard white, all summer.
- 

Bar Harbor, Me.

The plants arrived in excellent condition, and they are all good.

Brookline, Mass.

I received the box of plants, and they were the freshest I have ever handled.

J. L. S.

Your trees look so pretty I feel like staying home with them. We are greatly pleased with them, and thank you heartily. Enclosed is check for \$725.

Yours truly,

F. O. E.

Lenox, Mass.

I am pleased to say that the stock arrived today in first class condition, and very nice plants they are too.

## **PAEONIA**

### ***Paeonia Chinensis albiflora***

#### **Double Flowering Peonis.**

Varieties marked\* can be supplied in 5 years clumps at \$2.50 each; \$20.00 per ten.

This list contains only such varieties that after long trial have proved worthy of general planting. Plants are two and three years undivided clumps.

### NEW GLADIOLI FOR 1916

\$5.00 per 10; \$45.00 per 100

**Newport.** Salmon rose, with large white center, wide flower and good spike. Awarded Certificate of Merit at Newport, R. I., 1915 by American Gladiolus Society.

**Godotia Flora.** This is of the Lemoini type, and quite distinct, each flower stands upright, opening like the flower of the Godetia. Petals being uniform in size, and the flower being perfectly symmetrical in all respects. Color a beautiful lilac magenta with distinct white blotches. A novel variety in every respect, interesting and beautiful.

**Hoosick.** Bright orange-red shading to salmon with a velvety crimson throat blotched with sulphur-yellow.

**Bopeep.** Rather dwarf in growth with compact spike; flowers large orange salmon, with primrose yellow center, blotched with crimson.

# HARDY FERNS

Five collections for special purposes at \$5.00 each.  
Half collection for \$3.00. Order by number.

## No. 1. Culture in the Open, with Full Sun.

- 6 **ASPLENIUM** *Filix-foemina*. Lady Fern 3 feet.  
Fine delicate fronds and very variable.
- 24 **DENNSTAEDTIA**, *punctilobula*. Hay scented 18 in.  
Light green tripinnatifid leaves, 5-8 inches wide,  
from a slender, creeping root stock.
- 6 **MATTUECCIA** *Struthiopteris*. Ostrich Fern. 4 feet.  
Dark green leaves, 6 to 10 inches wide.
- 6 **OSMUNDA** *Claytoniana*. 2 feet. Fronds, when  
unfolding are covered with loose wool.

## No. 2. 12 each. For Dry Shady Places

- DRYOPTERIS** *Marginalis* 18 inches.  
**POLYSTICHUM** *acrostichoides*. Christmas Fern.  
**DENNSTAEDTIA** *punctilobula*. 18 inches.  
**OSMUNDA** *Claytoniana*. 2 feet.

## No. 3. 6 each. Moist Places Requiring Some Shade.

- ADIANTUM** *pedatum*. Maidenhair Fern 18 in.  
Very graceful.
- ASPLENITM** *Filix-foemina*. Lady Fern 3 ft.  
*Thelypteroides*. Silver Spleenwort 3 ft.  
Fronds 5 to 6 inches wide.
- POLYSTICHUM** *acrostichoides*. Christmas Fern
- DRYOPTERIS** *cristata*. Crested Fern. 1 ft.  
*Marginalis*. 18 in.  
*Spinulosa*. 18 in.
- Evergreen, finely cut foliage. 4 to 6 inches wide.
- PHEGopteris** *hexagonoptera*. Beech Fern 1 ft.  
Delicate foliage a foot or more wide.
- WOODWARDIA** *Virginica*. Chain Fern. 2 ft.  
Leaves finely cut, 5 to 8 inches wide.

## No. 4. 12 each. Wet or Boggy Places

- OSMUNDA** *regalis*. Royal Fern. 3 ft.
- DRYOPTERIS** *Thelypteris*. Shield Fern. 1 ft.  
Fronds 2 to 3 inches wide and 2 ft. long.
- WOODWARDIA** *areolata*. Sausage Fern. 1 ft.  
Leaves 3 to 4 inches wide.
- ONOCLEA** *sensibilis*. Sensitive Fern. 1 ft.

## No. 5. 12 each. Evergreen Ferns among Rocks and Ledges.

- ASPLENIUM** *platyneuron*. Spleenwort. 1 ft.  
*Trichomanes*. Maidenhair Spleenwort. 3-6 in.
- CAMPTOSORUS** *rhizophyllus*. Walking Fern. 6 in.
- POLYPODIUM** *vulgare*. Wall Fern. 9 in.  
Fronds to 2 to 3 inches, with bare stems. Makes  
perfect carpets.
- WOODSIA** *Ilvensis*. Rusty Woodsia. 6 in.  
Leaves about an inch wide, growing in rosettes.
